# **THIS MAY 1, WE REAFFIRM: GLORY TO MARXISM-LENINISM-MAOISM!**

On this May 1, 2021, International Proletariat Day, with raised fists and invincible conviction we proclaim:

Raise, defend and apply Marxism-Leninism-Maoism,  
the universal ideology of the proletariat!

The working class is revolutionary or it is nothing!

The Commune of Paris 150 years ago paved the way for the  
conquest of power for the proletariat and the people!

Long live the advance of the regroupment of  
the communist parties of the world!

The general crisis of Peruvian society and the decomposition  
of the State are the inevitable consequence  
of capitalist exploitation!

The crime of more than 100,000 Peruvians due to  
the pandemic is the responsibility of the Peruvian State!

End 200 years of shame and oppression!  
Down with the political persecution against  
communists, revolutionaries and social fighters!

Freedom to Chairman Gonzalo, great Marxist-Leninist-Maoist,  
86-year-old indomitable communist, imprisoned  
for 29 years in absolute isolation!

Freedom to the political prisoners of Perú and the world!

With the communist party and the masses all  
miracles will be done!

Against capitalist exploitation and oppression  
the only way is socialism!

Without a communist revolution the people will have nothing!
